

OUR PREVENTION PROGRAMS

Improving grades and attendance, managing emotional “ups and downs” and remaining or becoming drug free are challenges often faced by adolescents. With the support of caring adults in their lives and a positive peer group, teens can learn skills to help them set and achieve goals that lead to:

- ↑ **Increased School Performance**
- ↑ **Increased Mood Management**
- ↑ **Increased Drug Use Control**

RECONNECTING YOUTH (RY)

RY is an award-winning, semester-long class, offered for credit, for at-risk youth who evidence risk behaviors often resulting in school dropout.

COPING AND SUPPORT TRAINING (CAST)

CAST is a 12-session program that can be offered in or outside of the school setting to all youth in 8th through 12th grades or to youth who are in at-risk groups or evidencing one or more risk behaviors.

training options

where do we train?

AT YOUR SITE

If you have 5 or more participants, it's cost effective to bring a trainer to your site.

AT ANOTHER'S SITE

If fewer than 5 people in your area need training, find a training with openings on our online Training Calendar and sign up. Or call us, and we will add your name to our waiting list and notify you when training space becomes available.

ONLINE

Administrator Tutorials are now available online!

why sign up for training?

TO ACHIEVE PROGRAM GOALS, EVIDENCE-BASED PROGRAMS NEED TO BE IMPLEMENTED AS DESIGNED.

Implementing the RY and CAST Programs as designed takes a team trained to **support the integrity of the program. This leads to positive outcomes for your students.**

We offer training and consultation for **Teachers/Facilitators, Coordinators, and Administrators.** Our trainings are always invaluable interactive and supportive experiences.

training options for every team member

TEACHER/FACILITATOR TRAINING

This 4-day training for potential Teachers/Facilitators and Coordinators covers program theory, the prevention model, the format of a lesson and an overview of the entire curriculum. In addition, the training includes practice teaching with immediate and personalized support, supervision and feedback. This interactive training experience empowers participants to leave the training competent and confident to implement the program as designed.

CAST Training (group of 5-9) = \$9900
RY Training (group of 5-8) = \$8800
OR
\$1100/participant

ADMINISTRATOR ONLINE TUTORIAL

The Administrator Tutorials are offered online and overview the prevention program, infrastructure and community partnerships, and the selection and support of the right program staff.

\$49 per participant

COORDINATOR TRAINING

The Coordinator Training includes the 4-day Teacher/Facilitator Training with special Coordinator Training activities running concurrently. The Coordinator trainee then receives one additional training day. Coordinator Training participants will be trained to:

- Supervise and support the Teacher/Facilitator(s)
- Assist with program evaluation procedures
- Promote the program to funders and other stakeholders.

\$1900/participant
(includes the prerequisite Teacher/Facilitator Training and access to the Administrator Online Tutorial)

CONSULTATION

Following one of our trainings, we will visit your site to provide customized consultation to increase your implementation fidelity and program sustainability. On-site consultation is highly recommended and can be tailored to your needs. Consultations can include:

- Implementation fidelity monitoring and feedback
- Staff supervision meetings
- Booster trainings
- Program assessment and evaluation planning

Prices vary based on needs and related travel

RY INC.

We provide the interactive training, consultation, curricula and measurement tools necessary for you to implement and evaluate our programs with success.

TECHNICAL ASSISTANCE

We offer **FREE** technical assistance via phone and email to anyone who has completed one of our trainings. We are eager to help make your program a success!
